TITLED TRAIN HEADBOARDS

PRICE: £8 or any 3 for £18; or any 5 for £25

Introduced by the newly formed British Railways from c. 1948

These boards, with their raised beading and Gill Sans lettering, came in a number of standard shapes and sizes, which, when combined with different sizes of lettering, resulted in a fascinating variety of Headboards. Some Titles appeared on boards of more than one pattern, whilst the word "THE" was often larger than the rest of the title. These variations affected the spacing out of the lettering on the larger 3-line boards such as THE MERSEYSIDE EXPRESS, and made the careful research of these headboards all the more enjoyable. These 7mm scale Headboards are not supplied painted, as they appeared in regional colours as well as standard black. The NRM was particularly helpful back in the mid-1990s, when their huge collection was not on public display but in a warehouse on the other side of the City.
